**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

My name is Amanda Glover and I am a consumer who supports broadband competition.

I chose a small, innovative and competitive provider called Sonic because its important to me to know where my money is going and to have a provider whos policies I support. As a result, I get excellent service, an affordable bill and real person-to-person contact when I call them instead of being placed on hold by an automated answering machine. I rely on my broadband service for work as a freelancer and the excellent and reasonably priced service Im able to get through my competitive provider has a huge impact on my monthly income. I cant overstate enough how important broadband competition is to myself and many of my friends and colleges. Please do not eliminate our freedom to choose.

Thank you.
